

## System Design Authorization:

This document describes Your System and authorizes Level Solar to install the System on your roof. Level Solar will install and maintain this System at no cost (\$0) to you and guaranty that the System will produce at least \_\_\_\_\_ kWh over the term of the agreement. This guaranty allows for cumulative degradation of no more than one percent per year from the System's original rated output. Level Solar is required by law to provide you with certain disclosures which apply to any home improvement that you purchase. Please see below. We look forward to serving you.

### Customer Information:

Customer name:

Customer address:

Installation cost:

Scheduled install date:

### System Description:

Array size:

Number of solar modules:

Make of solar modules:

Number of solar inverters:

Make of solar inverter(s):

Make of consumption meter:

### Required General Business Code and Incentive Program Disclosures (Section 771):

- The contractor or subcontractor who performs on the contract or the materialman who provides home improvement goods or services and is not paid may have a claim against the owner which may be enforced against the property in accordance with the applicable lien laws. **Any contractor, subcontractor, or materialman who provides home improvement goods or services pursuant to Your home improvement contract and who is not paid may have a valid legal claim against Your property known as a mechanic's lien. Any mechanic's lien filed against Your property may be discharged. Payment of the agreed-upon price under the home improvement contract prior to filing of a mechanic's lien may invalidate such lien. The owner may contact an attorney to determine his rights to discharge a mechanic's lien.**
- The contractor is required to deposit all payments received from You prior to substantial completion of the work in a separate bank account no later than five (5) business days after receipt by the contractor. In lieu of such deposit, the home improvement contractor may post a bond, contract of indemnity or irrevocable letter of credit with the owner guaranteeing the return or proper application of such payments to the purposes of the contract.
- It is anticipated that the solar installation will be completed on the scheduled installation date above. Level Solar and You have determined that agreeing to a definitive completion date is not of the essence.
- The estimated production includes a 0.5% annual degradation factor, derived from Level Solar's system loss analysis.

## Authorization:

I authorize Level Solar to install the solar photovoltaic system and related energy monitoring equipment (the "System") described above on my property.
